

FEEDBACK

1. First Name or Second Name when adding a user
2. You can only add the number of Home which superadmin gives you
3. When creating new users , they have a choice to login on all the organisations in superadmin , even the ones they are not assigned to

Incident KPI should be retitled. **Incidents**

Incident KPIs

Track and analyse incide

Incident Reporting is working

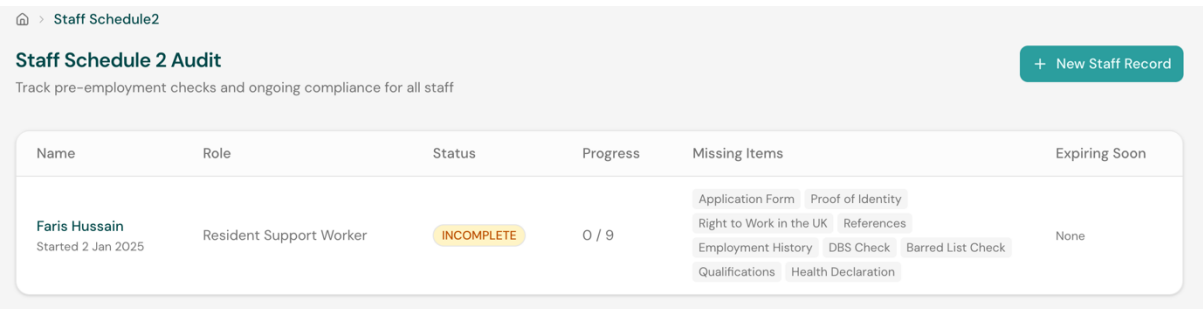

Training Matrix is not working properly , you have to upload certificate when you are logged in as RI, RM , Resident Support Worker, Team Leader, Deputy Manager, Bank Support Worker ..when you upload on one training , it updates another training

Maintenance Jobs is working , buy doesn't update dashboard

None of the reports are working

Care KPI s are working

Staff Schedule 2 don't work ..cant tick off items RM/RI/Deputy Manager have to be able to do this in a Home they are assigned to

Policy Bank

Works

But we need to be able to upload multiple documents for each policy in superadmin

Also for each policy we will need to dynamically change the name of the home to the title of the Home ?? not sure how we do this ?

In Compliance Calendar , the Upcoming Events have to come before the Calendar

Upcoming Events
